

Why Don't You Play Them?

Song by Garrett Williamson and Scott Wozniak, Lyrics transcribed by [44nifty](#)

It's not FlingSmash, Geist or Burnout Crash

Not Mario Party 6 or Ultra Smash

Neither Clubhouse Games or Wii Fit Plus

Nor Family Feud on SNE_uS

All the games I play, whether good or bad

Have tropes in common, my favorite doodads!

It may be rushed or plain or flawed

But it ain't RPG's

Oh, thank God.

Are my tastes just bad?

Am I the one to blame?

Or is it RPG's that are dumb, and lame.

Rex Mobs: No!?

Why don't you play them?

They just take so damn long to complete

Why don't you play them?

Sixty hours just to rinse and repeat

But you could grind for years just to beat that boss, oh-oh

Why waste all this time on just one game?

Why don't you play them?

I just don't like them, I just wanna play stupid Nintendo games!

...

That aren't this stupid!

But why don't I like them? Okay!

Turn based battles and too much text,

I'd rather be out not having sex
Menu clutter and useless stats
And random encounters can kiss my ass!
No gameplay 'til hours in
Combat ready-
-how did I win?
The same thing happens, over again
And that there fun part comes up when?
I missed one thing, and now I'm lost.
That one inch of text really meant a lot?
There's a shop with items I can't afford
So grind for money, you won't be bored
I'm tired, I'm scared, I'm not having fun
There's no other way this can be spun!
What do I do, what do I check?
It's an RPG, what did I expect.
[Saxophone solo]
Why don't you play them?
They're so good though
Listen guys-
You can't have opinions!
Why don't you play them?
They're not my style!
